

Teaching Problems and the Problems of Teaching

By Magdalene Lampert

Yale University Press, United States, 2003. Paperback. Book Condition: New. New edition. 272 x 206 mm. Language: English . Brand New Book. In this study, an experienced classroom teacher takes us into her fifth-grade maths class through the course of a year and shows how classroom dynamics - the complex relationship of teacher, student and content - are critical in improving student performance. Magdalene Lampert offers an original model of teaching practice that casts new light on the ways teachers can successfully deal with teaching problems.

This publication will never be straightforward to get going on looking at but really fun to see. This can be for all those who stante that there had not been a worth looking at. You wont really feel monotony at at any moment of your own time (that's what catalogs are for about should you request me).
