Reviews

This publication might be well worth a read, and much better than other. It really is simplified but excitement inside the 50 % of the book. You will not feel monotony at whenever you want of the time (that's what catalogues are for concerning when you check with me).

NEWCASTLE RAGGED SCHOOLS

The History Press Ltd. Hardback. Book Condition: new. BRAND NEW, Newcastle Ragged Schools, Wendy Prahms, In the cities of young Queen Victoria's Britain neglected and criminal children ran wild. Education was in the hands of churches and private charity and schools for the respectable poor would not accept filthy, undisciplined children. Then came the 'Ragged Schools', which would. Newcastle opened a Ragged School in 1847. Child criminals could be sent to gaol, but magistrates increasingly sentenced them to terms inside 'Industrial Schools'. These were charity boarding schools which taught work skills and work habits as well as the three Rs. Newcastle Ragged School became an Industrial School as well. This book follows the Newcastle school through the eighty-six years of its life, describing daily triumphs and disasters as well as government policy. It appears that the school was a great success for boys but for girls the experience was different and there was a damning report in 1909. Through the school's story, we see glimpses of Newcastle itself at the time - the quayside, the cargo ships, new railways being built, seaside holidays becoming popular. We also see new ideas taking hold, on juvenile delinquency for instance. The book is a colourful tour of one important aspect of Newcastle's life in the nineteenth and early twentieth centuries.
