Oxford University Press. Paperback. Book Condition: New. Paperback. 424 pages. Dimensions: 7.6in. x 5.0in. x 0.9in. Richard III is one of Shakespeares most popular plays on the stage and has been adapted successfully for film. This new and innovative edition recognizes the plays pre-eminence as a performance work: a perspective that informs every aspect of the editing. Challenging traditional practice, the text is based on the 1597 Quarto which, brings us closest to the play as it would have been staged in Shakespeares theater. The introduction, which is illustrated, explores the long performance history from Shakespeares time to the present. The commentary gives detailed explanation of matters of language, staging, text, and historical and cultural contexts, providing coverage that is both carefully balanced and alert to nuance of meaning. Documentation of the extensive textual variants is organized for maximum clarity: the readings of the Folio and the Quarto are presented in separate sections, and more specific information is given at the back of the book. Appendices also include selected passages from the main source and a special index of actors and other theatrical personnel. About the Series: For over 100 years Oxford Worlds Classics has made available the broadest spectrum of literature from around the globe. Each affordable volume reflects Oxfords commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, voluminous notes to clarify the text, up-to-date bibliographies for further study, and much more. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
