Brand New Book ***** Print on Demand *****.Excerpt from **New Physical Geography: For Grammar and High Schools, and Colleges** The attention of Teachers and School Officers is respectfully called to the following special features of this book: - Its Easy Style and the Clearness of its Statements fit it for use not only in Grammar Schools, but also in High and Normal Schools. The Illustrations, executed by the best artists, serve not only to embellish the work, but to impress vividly upon the mind of the learner the leading truths in thif most interesting science. The Text contains the latest discoveries in Physiography, Meteorology, Hydrography, Magnetism, and Vulcanology. The Maps and Charts have been compiled from original sources, and from the latest official maps of the United States and British Governments. The subject of Magnetism contains much new matter never before published, the material having been obtained from the records of the United States Magnetic Observatory by the courtesy of Professor Marcus Baker. The chapter on Volcanoes is based upon the researches of Professor Judd, the highest authority on the subject of Vulcanology. The subject of Ocean Currents contains the latest discoveries, including those made by Commander Bartlett, of the U. S. Steamer Blake. The chapter on Rivers and Drainage contains much that is new in the way of Hydrography. The facts and figures have been obtained from the records of the U. S. Engineer Corps. The subject of Winds is based upon the researches of Professor Ferrel; that of Storms, upon the records of the United States Weather Bureau. The latter subject is the most complete exposition of the Law of Storms that has yet appeared in a school text-book. It contains new...
